Welcome to our annual Consultancy Event, one of a number of major events we host throughout the year covering a very wide range of career interests. Full details about these events, plus careers evenings, start-here sessions, employer-led skills sessions and employer presentations can be found in our web diary via www.careers.cam.ac.uk.

To make the most of the event, we recommend you:

- Study this programme to identify the firms you would particularly like to meet. They will have graduate vacancies starting next Autumn, many have internships and other work experience opportunities next spring and summer. Flip-book versions of all event programmes are live for a year via the ‘What’s On’ tab from www.careers.cam.ac.uk landing page.
- Search and save details of all firms’ vacancies by visiting VACANCIES & OPPORTUNITIES on our website.
- Consider attending other Careers Events such as Graduate Schemes and Internships on October 18, 1pm to 5.30pm and the Engineering, Science & Technology on 8 and 9 November 1pm to 6pm (different organisations each day) both held in the University Centre. If you are interested in Economic Consulting you may wish to attend Careers in Economics on 24 October, 1pm to 3pm held in the Marshall Library on the Sidgwick Site.
- Our Career Sector webpages are a valuable source of information and have details of many more organisations within consultancy not represented at the Event.
- Keep up to date with the latest news in this sector. One way to do this is by signing up for CamCareers, our targeted careers information email service. Do this via the link on the Careers Service homepage (www.careers.cam.ac.uk). CamCareers offers a range of information choices. Competition for places will be as strong as ever so we suggest everyone considering this sector has one or two alternative career ideas for security.
- Research your chosen employers, as recruiters regularly comment to us on the high number of poorly researched applications and applications that are too generic. They find these easy to reject. Make well researched, well targeted applications. Fewer, better applications are more likely to gain success through to the interview stage than simply applying to everything and anything.
- Make a note of the people you meet, you can mention them as first-hand sources of information in your covering letter if you decide to apply.

Do come and talk to us – my colleagues and I can help answer most careers-related questions and help point you towards resources, information and events for any occupations not represented here today. Make full and regular use of us. We are happy to help you at any stage whether you are very well informed or have no clue whatsoever what you want to do.

2020 Delivery Ltd
UK Public Service-Specific Management Consultancy
www.2020delivery.com
Hicks Room

2020 Delivery is the UK's leading public service management consultancy. Our mission is to help CEOs and senior leaders improve public services and deliver lasting positive change for service users, patients, and taxpayers. What sets us apart is our collaborative approach, groundbreaking tools and solutions, and passion for improving public services. We work mostly in healthcare, with some work in education, central government and more, to deliver a range of services including strategy and business planning, operational improvement, and training and mentoring clients. From day one, you'll be a pivotal part of our dynamic, growing team, working together with senior decision-makers and front-line staff to solve some of the biggest challenges facing public services.

Training: Our junior consultants and interns work on both client-facing and internal projects and are given responsibilities from day one. Junior consultants learn mostly through substantial client-facing project roles, supported by our two year 'new consultant' programme which includes a range of formal training, on-project mentoring, and peer support. Joining a small, growing business, interns and junior consultants also have real opportunities to contribute to our future through a variety of internal initiatives.

Graduate recruitment:
Vacancies: 8 as junior consultants
Recruitment criteria: Any discipline, normally min 2:1. We are looking for exceptional problem solvers, with excellent analytical, numerical, and people skills. Applicants should be motivated team-players who share our genuine passion for delivering better outcomes for public service users.
Application process: Blind online application and normally two interviews. Apply online at www.2020delivery.com/careers
Opening date: Monday 4 September 2017
Closing date: Midnight Sun 22 October 17
Expected hiring offices: London SW1P 2AF

Internship programme/work experience:
Opportunities: 2-4 internship opportunities
Application process: As above.
Opening date: Monday 4 September 2017
Closing date: Midnight Sun 14 January 18
Applications assessed after the closing date.
Opportunities for first years: internships
Contact: Beth Wright 02037 013981 recruitment@2020delivery.com

Accenture
www.accenture.com/ukgraduates
Main Hall
Accenture is a leading global professional services company, providing a broad range of services and solutions in strategy, consulting, digital, technology and operations. Combining unmatched experience and specialized skills across more than 40 industries and all business functions — underpinned by the world’s largest delivery network — Accenture works at the intersection of business and technology to help clients improve their performance and create sustainable value for their stakeholders. With more than 411,000 people serving clients in more than 120 countries, Accenture drives innovation to improve the way the world works and lives.

Training: Training begins when people first join and continues throughout their careers. Core programmes, required for all our professionals, provide employees with the foundational skills they need (including courses on culture and our core values, ethics, leadership behaviours and business acumen).

Graduate recruitment:
Vacancies: Consulting, Strategy, Analytics, Technology Architecture, Information Security & Client Delivery
Recruitment criteria: Minimum 2:1 and have 136 UCAS points across your top three A-Levels (AAB or equivalent, achieved in the same academic year - excluding General Studies).
Application process: Application and Online Test, Digital Interview, Assessment Centre
Opening date: 11 September 2017
Closing date: 31 December 2017
Expected hiring offices: London, Newcastle, Manchester & Edinburgh

Internship programme/work experience:
Opportunities: An eight-week summer scheme for penultimate year students demonstrating what we do and how we do it. You'll get a real taste of Accenture life, have the opportunity to learn new skills and, if you do well, we may offer you a permanent role after you graduate.
Application process: For consulting: Application and Online Test, Digital Interview, Assessment Centre
Opening date: 11 September 2017
Closing date: 31 December 2017
Contact: Accenture GradFutures@accenture.com
Aetha Consulting Ltd
Boutique Strategic Telecoms Consultancy
www.aethaconsulting.com

Cormack Room

Aetha Consulting helps players in the telecoms industry to develop creative and sustainable solutions to the challenges facing them in a constantly changing environment. We specialise in undertaking rigorous, quantitative assessments to support major strategic and regulatory decisions. We work collaboratively with clients to develop the tools and methodologies to solve each business problem as it arises. Our staff have been contracted to advise on key industry issues, including market strategy development, radio spectrum valuation & auction support, mergers and acquisitions. We are committed to focusing on quality and exceeding our clients’ expectations. We have a strong track record of successful assignments with operators and regulators, as well as financial and legal institutions.

Training: As a relatively new and small company, the focus of the training is 'on the job'. However, you will be working directly with the company's partners, and can therefore expect to develop your skill set at a much faster rate than would be possible in a larger consultancy.

Graduate recruitment:
Vacancies: The Business Analyst role is varied and challenging, with the possibility of extensive travel. You will become involved in strategic projects across the world. The work includes researching, development of financial models, drafting of reports, and presentation of your work to internal teams and clients.
Recruitment criteria: Min 2.1 in a numerate discipline or modern languages (especially Spanish).
Application process: CV and cover letter to: jobs@aethaconsulting.com
Opening date: Ongoing.
Expected hiring offices: Cambridge

Internship programme/work experience:
Opportunities: Typically 1 to 2 penultimate summer interns each summer, but we will consider other times of the year. Interns are provided with the same challenges and opportunities as permanent Business Analysts. We often offer a permanent position after graduation.
Application process: CV and cover letter to: jobs@aethaconsulting.com
Opening date: Ongoing.
Contact: Lee Sanders 01223 755575
jobs@aethaconsulting.com

Alfa Financial Software Limited
alfasystems.com
Main Hall

Alfa helps asset finance companies improve their business performance by implementing our software - Alfa Systems - and applying our wide-ranging experience of the industry. Blue-chip clients such as Bank of America, Deutsche Bank, Société Générale and Toyota Financial Services have reaped the benefits of Alfa's finest assets: our people. We are extremely proud of our track record of successful projects, a testament to the skills, experience and knowledge of our consultants who develop organically through the company from graduate joiner to senior manager.

Training: Your initial training period will be around one month and the programme will be delivered by your new colleagues. New recruits are given an intensive induction into areas such as the asset finance industry, software development and consultancy skills, before being assigned to a project where they can put their training into practice. Supervised at all times by experienced consultants, recent joiners will find an open collaborative culture.

Graduate recruitment: Vacancies: We are looking for around 25 graduates to join us as Junior Consultants. We have a number of intakes throughout the year starting from Autumn 2018.
Recruitment criteria: Our Junior Consultants are recruited from graduates of the highest calibre across all disciplines. We look for a minimum 2:1 and As and Bs at A Level (or the equivalent).
Application process: Apply online by uploading your CV and cover letter.
Opening date: 1 September
Closing date: Ongoing
Applications assessed continuously.
Expected hiring offices: London Office
Contact: Gillian Bray

Careersuk@Alfasystems.com
American Express
Global Payments company, established in 1850
www.americanexpress.com/campus
Hicks Room

American Express' heritage was built on service and has been sustained by innovation. Through our evolution from an express mail business in 1850, to one of the world's largest card issuers by purchasing volume and a digital innovator, we've never been afraid to explore new possibilities and embrace the changing marketplace. American Express is consistently recognised as a great place to work by people around the world. We offer talented individuals challenging work with purpose by embracing both innovation and tradition. As our company has grown and evolved, we have never strayed from the customer-service ethos and values on which the company was built - trust, security, integrity, quality, good citizenship, respect and customer commitment.

Training: Strategic Planning Group offers an intense 1-week training session in New York for new hires, monthly additional training on topics relating to the consulting skillset and the payments landscape, and regular speaker series with senior business leaders from across Amex.

Graduate recruitment:

Vacancies: The Strategic Planning Group (SPG) at American Express is the CEO's internal management consulting team and leadership development program. SPG are seeking a university student in their last year of studies, or a recent graduate with some work experience for an Analyst role in their London team.

Recruitment criteria: A minimum of 320 UCAS points and a predicted 2:1 degree or international equivalent

Application process: CV screening, testing, interviews include case studies. Each stage must be passed to get to next stage

Opening date: Mid September
Closing date: 31 October, 2017
Applications assessed continuously.

Expected hiring offices: Strategic Planning Group, London office

Internship programme/work experience:

Opportunities: Strategic Planning Group do not have internships, although other hiring offices across the business do.

AMR International Ltd
Business Growth Strategy Consultancy
www.amrinternational.com
Cormack Room

AMR International is a boutique strategy consulting firm. We have worked on 2000+ projects, in more than 40 countries. Our focus is on three specialist sectors – Technology, Information and Events. Technology – We help our clients capture sources of value in smart industrials, software, and media. Information – We serve the world’s leading information providers, as data transforms the global economy. Events – We are the leading adviser to the events industry, acting as a guide to the industry’s transformation. At AMR, we are proud of our people. We draw strength from their diverse heritage and impressive array of linguistic skills. We operate a global staffing pool from our offices in London, New York and Paris.

Training: 1 week induction in London. Training sessions include slide design and report writing, issue analysis, market sizing and forecasting and an introduction to deals. Additional sessions throughout the year, as well as our annual company get-together in the Mediterranean.

Graduate recruitment:

Vacancies: Vacancies vary but typically aim two to six Junior Consultants per year. More senior positions as and when required

Recruitment criteria: Any degree discipline. Ideal candidates will possess high levels of intellectual curiosity, strong analytical and creative abilities, excellent communication skills and will have demonstrated leadership. Previous relevant experience, strong quantitative skills and languages are a plus

Application process: Email CV and cover letter to recruitment@amrinternational.com

Opening date: 12 October
Closing date: 12 December
Applications assessed continuously.

Expected hiring offices: London, New York

Internship programme/work experience:

Opportunities: You will gain exposure to a range of project work, which will provide a thorough understanding of growth strategy, corporate M&A and the private equity industry.

Application process: Email CV and cover letter to recruitment@amrinternational.com

Opening date: 12 October
Closing date: 12 March
Applications assessed continuously.

Opportunities for first years: Ideal first year candidates will be enthusiastic and will have excellent analytical, and problem solving skills.

APT (Applied Predictive Technologies)
Strategic Consultancy
www.joinapt.co.uk
Main Hall
Founded in 1999, APT is in the business of changing the way leading global companies make decisions. Using a combination of strategy consulting and in-house technology, we empower consumer-focused companies to conduct business experiments. Precise measurement of cause-and-effect relationships between trials and outcomes allows leaders to predict and maximise the ROI of high-value decisions. You will have the opportunity to work closely with senior executives, collaborate with exceptional peers, and achieve rapid career advancement. You will not only have a tremendous impact in transforming our clients, but also a leading role in shaping APT’s future. APT’s client portfolio includes Walmart, Coca-Cola, Starbucks, Boots, Dixons, and many others. The London team supports clients in the UK, Europe, Middle East and Africa.

Training: Our graduates start their journey in Washington D.C., with the rest of their global class for introductory training. Upon their return to London, new-hire training takes the form of a series of interactive sessions to complement learning-on-the-job which is the best way for our graduates to develop their skills.

Graduate recruitment:
  Vacancies: Business Consultants for our London Office to drive rapid growth across Europe. We are looking for motivated and analytically-minded graduates and postgraduates who are excited by the intersection of business analytics and technology. Starting salaries of over £50,000 per annum.
  Recruitment criteria: Any discipline

A.T. Kearney
Management Consulting
www.atkearney.co.uk
Main Hall
Founded in 1926, A.T. Kearney is a leading global management consultancy, helping some of the world’s largest companies to achieve sustainable competitive advantage. For over 80 years we’ve provided strategic solutions to CEO-level concerns, delivering tangible results through a broad range of capabilities. We’re known for our insight, our experience, and our collaborative working style. Our greatest asset is our people. We are committed to excellence in all we do: for our clients, our colleagues and our communities. From the moment you join us, you will see that our collaborative culture transcends organisational and geographic boundaries.

Training: Individualized training to enhance your consulting knowledge and potential. You will participate in New Consultant Orientation (NCO) where you will gain awareness of our business objectives, goals and values, while building a network of working relationships with peers and contacts within the firm. Your training program continues with a full curriculum of courses available to enhance your skills.

Graduate recruitment:
Vacancies: As a Business Analyst, you’re a fully participating member of the consulting team. You are expected to contribute ideas, opinions and new information. Working with experienced consultants, Business Analyst's develop models, perform complex analyses, and work on research assignments at both the office and client sites.
Recruitment criteria: There's no single model or standard for A.T. Kearney BA's. They're a diverse group, with superior intellectual and communication skills. Most Business Analysts join us immediately after graduating college with degrees in fields that include Business, Engineering and Liberal Arts.
Application process: via our website: www.atkearney.com

Opportunities for first years: Insight Programme: an interactive case workshop where you will gain insight into life as a consultant and learn how to approach and solve business challenges.
The Brattle Group
Economics and finance expert testimony consultancy
www.brattle.com
Hicks Room
We combine in-depth industry experience and rigorous analyses to help clients answer complex economic and financial questions in litigation and regulation, develop strategies for changing markets, and make critical business decisions. We are distinguished by our credibility and the clarity of our insights, which arise from the stature of our experts, affiliations with leading international academics and industry specialists, and thoughtful, timely and transparent work. For the third consecutive year, Brattle has been recognized in the Vault Consulting 50 as a top 10 consulting firm to work for and the highest among economic consulting firms. With staff of nearly 300, we have offices in Boston, New York, San Francisco, Washington DC, Toronto, London, Madrid, Rome, and Sydney.

Training: Brattle distinguishes itself by our focus on career development. Providing challenging, rewarding and meaningful opportunities to all our staff encourages learning/knowledge sharing. Our consultants have every opportunity to move forward professionally in an environment where formal and informal development programs are geared toward educating and motivating. We provide new opportunities to learn, whether you’ve been here for 10 months or 10 years.

Graduate recruitment:
Vacancies: Research Analysts (RAs) and Associates
Recruitment criteria: RAs: Min. 2.1 in a quantitative field (economics, maths, engineering or physical science); Master’s degree is desirable. Associates: PhD in economics, finance, engineering or related field with a strong foundation in quantitative analysis and/or several years of relevant work experience.
Application process: Submit via our website: cover letter, CV, transcripts and writing sample/research paper (Associates only). Applications assessed continuously.
Expected hiring offices: London, Madrid, Rome

Internship programme/work experience:
Opportunities: Our internship will provide the opportunity to apply the economic concepts learning in the classroom in a professional services setting. It will help you to improve your research and data analysis skills.
Application process: Submit the cover letter, CV and transcripts via our website. Applications assessed continuously.

Capgemini UK

Management Consultancy

www.uk.capgemini.com/careers/your-career-path/graduates

Hicks Room

Capgemini Consulting is the consulting arm of the Capgemini Group. Our team of 3,600 consultants (around 500 of whom are based in the UK) focuses on the successful delivery of solutions to the challenges our clients face. These challenges have changed dramatically in recent years, and our services have changed with them. We have invested heavily in developing an understanding of the risks and rewards associated with the digitisation of society and the economy, and in building the capability to address these risks and rewards. We are both the thought leaders and the execution leaders in digital transformation.

Training: As part of the 2 year Management Consulting Programme there will be a mixture of courses and qualifications on offer across the 3 entry routes (please visit our website for more information). All new joiners completing our Consulting Skills 3-day residential course usually based out of our University in Paris.

Graduate recruitment:

Vacancies: There are 3 entry routes to join our 2 year Management Consulting Graduate Programme: CDC Programme - Core Management Consulting; CDC Programme - Financial Services Consulting Academy and CDC Programme - Analytics Consulting Academy

Recruitment criteria: Any discipline across our CDC Core and Financial Services Academy programmes. For our Business Analytics programme we hire from analytical subject such as mathematics, physics, engineering, operational research, data science, management science, and statistics.

Application process: Choose the entry route you are interested in from https://www.uk.capgemini-consulting.com/careers/graduates

Opening date: Around September 2017
Closing date: We recruit on a rolling basis, throughout the year.
Applications assessed continuously.

Expected hiring offices: Base location London (our Holborn office). The nature of our work means you may be based on client site in the country or possibly abroad.

Carnall Farrar Ltd

Management consultancy dedicated to improve health and care

gradscheme.carnallfarrar.com

Cormack Room

Carnall Farrar is led by experienced senior leaders from healthcare, the public sector, consultancy and leadership development. We harness the talent and energy of leaders and their teams to identify where improvements can be made and the best ways to make change happen. We pride ourselves on being able to meet client needs holistically, combining problem solving, managing delivery and change leadership. We take a hypothesis-led objective approach to problem solving building on real expertise and active partner leadership. We support individual leaders, their organisations and whole systems in working better together to get the most out of themselves and each other. As such we also strive to get the best from our team and employees as individuals.

Training: Our residential training programme focuses on equipping you with the core consultancy toolkit (problem solving, team working, communication) and developing the essential technical skills. This is followed by a series of half-day bimonthly workshops, focussing on developing different areas of knowledge and skills. You will work closely with leaders in the industry who will support your development supported. After two years, Analysts are able to access our sponsored 12-month MBA programmes at a leading institution.

Graduate recruitment:

Vacancies: Six analysts annually; induction and training commences in September.

Recruitment criteria: UK applicants min 300 UCAS points or equivalent and a min 2:1

Application process: Our application process can be found alongside further information on our website.

Opening date: 3 October 2017
Closing date: 31 October 2017
Applications assessed after the closing date.

Internship programme/work experience:

Opportunities: 6-8 week summer internships as an opportunity for you to gain hands on experience and insight into what we do. You will work closely with our industry-leading partners and consultants to better your skills in project management, communication, problem solving and team work.

Chartwell Consulting Ltd
Operations and Management Consultancy
www.chartwell-consulting.com
Main Hall
Chartwell Consulting is a growing firm that delivers breakthrough improvements in operational performance, mainly in the manufacturing sector. We help our clients to excel by gaining a deep technical understanding of their process, which enables us to find and recover more potential than anyone thought possible. We will typically deliver between 20% and 50% improvement within a three to six month project. We place great value on ensuring that everyone develops as fast as they can. From the outset, you will very quickly lead a client team to deliver major improvements in a matter of weeks. Within a couple of years, you will be working alongside CEOs and top level management as a peer, advising them on key business issues.
Training: We invest a great deal in developing our people at the fastest possible rate: our success is based on your success, after all. We offer an intensive initial training period, after which training is delivered both on the job and through weekly sessions to enhance your skills. We are a fast growing company with an entrepreneurial culture. Joining now, you will have the opportunity to take a key role in Chartwell’s continuing development.
Graduate recruitment:
Vacancies: Graduates will enter as an Associate Consultant
Recruitment criteria: We are looking for scientifically minded, bright and motivated final year students
Application process: Please email your CV to j.overton@chartwell-consulting.com

Cornerstone Research

Economic Consultancy

www.cornerstone.com

Hicks Room

For more than twenty-five years, Cornerstone Research staff have provided economic and financial analysis in all phases of commercial litigation and regulatory proceedings.

We work with a broad network of testifying experts, including prominent faculty and industry practitioners, in a distinctive collaboration. Our staff consultants contribute expertise in economics, finance, accounting, and marketing, as well as business acumen, familiarity with the litigation process, and a commitment to produce outstanding results. The experts with whom we work bring the specialized expertise of researchers or practitioners required to meet the demands of each assignment.

Training: Cornerstone Research believes that strong skills develop best through practical experience. We begin with a training program to introduce you to sophisticated analytical and statistical techniques used throughout our practice. Following training, you will join case teams where you have immediate impact while continuing to learn new skills. You will gain tremendous learning and development opportunities by working with faculty experts, clients, and senior consultants, and through our ongoing training programs.

Graduate recruitment:
- Vacancies: Analyst role in London, UK
- Recruitment criteria: To fill the limited number of Analyst positions, we seek well-rounded, enthusiastic individuals with excellent academic performance. We encourage candidates with strong analytical backgrounds, computer skills, and interest in business and economics to apply.

CVA is a global strategy boutique, with offices across Europe, the Asia-Pacific region, and in the US. We provide highly bespoke advice rather than ‘off-the-shelf’ consulting to large corporates – often household names – at their national, regional, and global levels. Although a boutique, we work in many industry verticals, with a current focus on energy, automotive, financial services, 3M (mining, metals, and materials), as well as a number of crossover areas such as new mobility and digital innovation.

We are a vibrant close-knit community, working in small teams offering exceptional exposure to partners and senior client teams from day one, on projects both in Europe and further afield. (Training: Week long European training for graduates upon entry, on-going mentoring, and bi-annual training weeks abroad to further career development.

Graduate recruitment:
Vacancies: Graduate entry consultant
Recruitment criteria: Any degree, minimum 2.1. An outstanding academic record, have good commercial awareness, be able to demonstrate quantitative skills, and have exceptional extra-curricular achievements. Fluent French / German is an advantage but not essential.

Elixirr
www.elixirr.com
Hicks Room
Elixirr is a different type of consultancy. We help our clients change the game in their industries, and we’re changing the game in our own. You can’t out-innovate the market. We help executive boards to truly understand this, and then work with them to ensure they can respond effectively to disruptive market forces. Our focus is on delivering beyond expectations for our clients – incumbent organisations who are struggling to keep up with, and respond to, today’s pace of change to deliver what their customers’ now expect. We deliver traditional strategy, transformation and organisational change programmes, but what is special about what we do is that innovation underpins it all.

You’ve heard of the challenger banks? We’re the challenger consultancy.

Training: We believe the best way to learn is by doing. Our Analysts work alongside Partners, Principals and clients across a variety of projects, so they develop and learn fast, with regular exposure to C-Suite clients. We hold short, high-impact training sessions on a variety of topics.

Graduate recruitment:
Vacancies: Analyst level management consultant. ‘Variety, exposure and the chance to make a difference’, are what our existing Cambridge alumni have told us, ‘sets us apart’. We are looking to recruit up to 5 of the best UK Graduate talent as analysts for intake in the summer of 2018.
Recruitment criteria: We are open minded about your background but are looking for driven problem solvers who are grounded, with the emotional intelligence to thrive in a variety of dynamic environments.
Application process: Through our website applying to the Analysts role.
Opening date: From September 2017
Closing date: Until March 2018
Applications assessed continuously.
Expected hiring offices: London, South Africa, USA

Internship programme/work experience:
Opportunities: 1-month, for undergraduates and graduates, offering an excellent idea of what a career at Elixirr is all about.
Application process: Through our website.
Closing date: On-going
Applications assessed continuously.
Opportunities for first years: As above.

FTI Consulting
Economic and Financial Consultants
www.fticonsulting.co.uk/graduates
Main Hall
FTI Consulting’s Economic and Financial Consulting (EFC) practice has offices in cities across the world, with more than 250 staff worldwide. Our EFC practice provides corporations, law firms and government agencies with analysis of real world and complex economic and financial issues. These insights are used to inform legal and regulatory proceedings, strategic decisions as well as public policy debates.
Training: Our graduates play a key role in our project teams by performing industry research and starting to develop the knowledge and experience to perform detailed economic analysis and financial modelling. They benefit significantly from working closely with managers and other team members as well as from direct exposure to our practice leaders. They also benefit from our in-house training and skills gained from studying for their professional qualifications.
Graduate recruitment:
- Vacancies: Each year we look to recruit at least 15 highly capable graduates.
- Recruitment criteria: Applicants should be highly numerate, analytical and inquisitive. Applicants from all academic disciplines will be considered – an economics degree is not required.
- Application process: Apply online via http://fticareers.co.uk/graduates/efc/.
- Opening date: 11 September 2017
- Closing date: 14 November 2017
- Applications assessed continuously.
- Expected hiring offices: London. There are also opportunities to work in our offices abroad.
Internship programme/work experience:
- Opportunities: The Summer Internship programme lasts six weeks. As an intern you will gain an insight into life at a global economic consultancy. Work directly on a case as part of a small project team and receive training in valuation methodologies, principles of economic regulation, and consulting skills.
- Application process: Penultimate and final year students from all disciplines will be considered. Submit CV and cover letter online at http://fticareers.co.uk/graduates/efc/.
- Closing date: 31 January 2018
- Applications assessed continuously.
- Contact: EconGraduate.Recruitment@fticonsulting.com
Gallup Consulting, Analytics and Advisory, focusing on behavioural economics
www.gallup.com/careers
Cormack Room

Gallup delivers analytics and advice to help leaders and organizations solve their most pressing problems. Combining more than 80 years of experience with its global reach, Gallup knows more about the attitudes and behaviours of employees, customers, students and citizens than any other organization in the world.

Gallup developed the Microeconomic Path as a framework by which leaders and companies could maximize human nature to accelerate organizational performance. Our consultants and analysts apply their knowledge of this path to address the right steps in the right order, improving the way organizations create strategy and operate.

Gallup works with leaders and organizations to achieve breakthroughs in customer engagement, employee engagement, organizational culture and identity, leadership development, talent-based assessments, entrepreneurship and well-being.

Training: As well as continuous on-the-job training with experienced consultants you will also be provided with a 90 day on-boarding program designed to familiarise you with our history, services and products.

Graduate recruitment:

Vacancies: Business Analysts, Business Solutions Consultants, Learning and Development Consultants (Bilingual German and English), Learning and Development Consultants (Bilingual French and English), Managing Consultants, Account Leads.

Recruitment criteria: We accept applications from undergraduates and postgraduates and are open to many disciplines. We will consider those with a 2.2 classification and above.

Application process: Submit application online and complete the online assessment. This is followed by interviews with a Talent Analyst and Hiring Managers. Applications assessed continuously.

Integration Management Consulting

Strategic Management and Operations Consultancy

Main Hall

Integration is a consultancy focused on delivering dynamic solutions to our industries leading clients. We work alongside our clients to build realistic, implementable recommendations that drive the results they need. Founded in São Paulo in 1995 we benefit from 22 years’ experience and expertise from one of the largest and most successful Brazilian consultancies, currently operating with over 300 professionals across seven offices in the UK, Germany, Brazil, Mexico, Argentina and Chile. The London and the Munich offices (opened in 2010 and 2015) are supporting our continued growth in Europe, serving international clients across the continent and beyond. Growing rapidly, our European offices provide our young team with opportunities to get involved in shaping the future of our organisation.

Training: Everyone learns differently, and at Integration your development is our priority. Our nine-month consulting skills programme gives you a foundation that is core to a successful career in consulting. It starts with a two-week induction at our HQ in Brazil, and continues with monthly sessions in our London office. Our culture of coaching and mentoring, including our year long mentorship programme, offers continuous one-to-one support to prioritise learn-as-you-do development in every project.

Graduate recruitment:

Vacancies: We are looking for entrepreneurial graduates for our London office for analyst positions. You can expect to be part of a dynamic environment in a young branch of a growing international company, which is characterised by cooperation and an innovative climate among its employees.

Recruitment criteria: Minimum of a 2:1 in a relevant discipline. You will need to show leadership potential, strong analytic ability and demonstrate your passion and commitment.

Application process: Please send your CV and covering letter and any relevant certificates to recruiting@integrationconsulting.com

Javelin Group

Retail Strategy Consulting and Digital Transformation
www.javelingroup.com

Hicks Room

Javelin Group provides strategy consulting and digital transformation services to the world’s leading retailers and consumer brands. We help clients improve competitiveness, anticipating and responding to the rapid changes in customer shopping habits and retail technologies.

Javelin Group’s team of 230+ consultants serves retail and brand leaders across Europe, North America, the Middle East, China and Australia, and supports clients with their retail and digital strategies, operations, technologies, locations and analytics. In June 2015, Javelin Group was acquired by Accenture to lead its capabilities in digital retail transformation within Accenture Strategy, and remains a separate, specialist, and distinct business unit within the firm.

Training: During your first 12-18 months you will develop your consulting skills through on-the-job learning as well as formal training. You will be given responsibility from day one, participate in all aspects of a project, have unrivalled client contact, and help to make a visible difference to some of the world’s largest and most dynamic companies. You will gain experience of our different types of work and gather the skills required of a first-class strategy consultant.

Graduate recruitment:

Vacancies: We are looking for motivated, ambitious and top class graduates to join as Associate Consultants.

Recruitment criteria: Academic excellence (expecting/achieved a min 2.1, with excellent A-levels), a desire to work in strategy consulting, as well as an enthusiasm for the retail sector.

Lifescience Dynamics Ltd

www.lifesciencedynamics.com

Cormack Room

Founded in 2004, Lifescience Dynamics is a decision support firm helping life science companies (pharmaceutical, biotechnology, diagnostics and medical devices) with strategic insight and foresight to improve their assumptions, enabling them to make better decisions.

Our projects aim to address clients' business challenges to maximise the full commercial potential of their assets. We work with the top 20 global pharmaceutical companies across three practice areas: market research (qualitative and quantitative), competitive intelligence (primary and secondary research), and market access, pricing and reimbursement.

Our growth has been fuelled by our ability to attract, retain and develop an exceptional team of internationally diverse, multi-lingual, scientifically-trained people, who in turn enable Lifescience Dynamics to deliver service excellence in all we do.

Training: We will equip new hires with the skills and knowledge to contribute meaningfully to and progress within project teams delivering world-class decision support to our clients. This will include report writing, client presentations, primary and secondary research, use of proprietary market research tools, client relationship, contractor and project management.

Graduate recruitment:

Marakon

Boutique strategy consulting
www.marakon.com/careers

Main Hall

Marakon is a strategy consulting firm that works with CEOs of the world's best known companies to tackle their toughest business challenges. Our tailored, objective advice and deep industry experience help CEOs make better decisions to ultimately outperform peers.

Rather than sending in armies of consultants who use predictable industry solutions, we help business leaders unlock value through customized ideas, constructive challenge, and committed partners who roll up their sleeves to help our clients make change happen. During client engagements, we develop comprehensive insights about our client and their industry; work closely with clients to develop innovative solutions; hold ourselves and clients responsible for delivering tangible results; and work in small teams with input from all levels of the firm.

Training: At Marakon, you will be part of a firm that places emphasis on supporting you throughout your career.

In your first two years, you will receive over 300 hours of formal training to get to grips with strategy, finance, communicating with impact and stakeholder engagement. You will receive mentoring from a dedicated buddy and senior coach to help you fulfil your potential, and enjoy annual Worldwide Associate Conferences with your peer group and external experts.

Mars & Co

Strategic Management Consultants
www.marsandco.com

Cormack Room

We bring competitive leverage to a select number of international leaders in their sector and serve them worldwide on an exclusive basis – the only consulting firm of any consequence to guarantee ‘fidelity’. We look for well balanced individuals who enjoy team work, have the intellectual power, mindset and physical stamina to thrive in a deadline driven environment; they need to have the power of persuasion tempered by genuine work ethics and a sense of humour.

Training: Dedicated to providing its professional staff with superior opportunities for personal growth and income, made possible through a career path built around the apprenticeship format.

Graduate recruitment:

Vacancies: Associate Consultant , some at Senior Associate Consultant level depending on experience.
Recruitment criteria: Mathematics, Engineering, Economics, Physics and Chemistry or one of the ‘hard’ sciences – higher degrees particularly welcome. Language skills are valued.
Application process: CV, cover letter and transcripts to recruitingldn@marsandco.com
Applications assessed continuously.

Newton Europe

Operational Improvement Consultancy

www.newtoneurope.com

Cormack Room

Newton isn’t like most consultancies. Our business model is purposefully disruptive. We hire people with spirit, personality and bravery – and go to extraordinary lengths to build our skills and belief.

In order to achieve our award-winning results, we demand better – not just for our clients but for our people. Newton is a place where initiative, creativity and versatility thrive. Where you aren’t tied to the office; you are given the means and skills to work alongside client teams, bring about visible sustainable change, and make a real difference in the world. Where consultants aren’t just colleagues; they’re friends who inspire, challenge and support each other. If you don’t limit yourself, we won’t limit you.

Training: You’ll start with an intensive 4-week induction followed by further training module options, enabling you to gain a variety of skills. You’ll create a bespoke Development Map to set out your goals and ways of achieving them. This will be supported by one-on-one mentoring, and a Development Manager who helps you achieve longer term career aspirations. We also support you with stretching on-the-job experiences, coaching, feedback and networking for continued development.

Graduate recruitment:

Vacancies: Role: Graduate Operational Improvement Consultant. You’ll implement transformative change across a wide range of sectors including healthcare, defence, local government, services, manufacturing and private equity.

We offer rapid career progression with early responsibility. Within 3-4 years, you can expect to be a Lead Consultant, managing teams and delivering real results.

Recruitment criteria: Any discipline, with a focus on STEM subjects. We look for candidates with personality, spirit, bravery, strong mathematical and problem-solving abilities and desire to learn and improve.

Application process: Apply online at www.newtongraduates.careers or attend a testing sessions at Cambridge this Autumn.

Opening date: September 18th 2017

Closing date: December 17th 2017

Applications assessed continuously.

Expected hiring offices: Nationwide.

NMG Consulting
Insurance and investments consultancy
nmg-group.com/businesses/nmg-consulting
Main Hall
NMG Consulting is the leading multinational consultancy focusing solely on investments, insurance and reinsurance markets. We work with financial institutions (insurers, reinsurers, fund managers and pension funds, banks and brokers) to shape strategy, implement change and manage performance. Our vertically integrated model – high impact consulting backed by the 'information advantage' arising from our proprietary research and analytics programmes – is a unique point of difference in a crowded market. Established in 1992, the business has an established global presence with major hubs in Sydney, Kuala Lumpur, Singapore and London, and an increasing presence in North America and South Africa.

Training: Within our structured 2-year programme you will undertake a number of rotations throughout the business to acquire extensive market knowledge, along with experience in project planning and execution across a variety of client engagements. With real responsibility from Day 1, the range of work that we do will challenge and expand your knowledge at lightning speed. You will also have the guaranteed opportunity of a three-month international placement at one of our offices.

Graduate recruitment:
Vacancies: 2 Analysts
Recruitment criteria: We look for strong analytical abilities, a demonstrated understanding of (and interest in) our target markets. Most of our consultants have qualifications in commerce, finance, economics or engineering. Work experience in the sector is preferred, but not essential.

Application process: Please apply online: http://nmg-group.com/graduates
Opening date: 18 September 2017
Closing date: 26 November 2017
Expected hiring offices: London

Internship programme/work experience:
Opportunities: We are open to offering internships to individuals with strong analytical abilities and an interest in consulting.

Application process: Please email recruitment@nmg-group.com with the subject heading 'London Internship'
Opening date: 1 January 2018
Closing date: 1 August 2018
Applications assessed continuously.

OC&C Strategy Consultants
Strategy Consultancy
www.occstrategy.com
Main Hall
We answer the toughest questions facing businesses. We do rapid, high-impact projects for chief executives and boards looking for the best strategies. In our London office we have industry-leading expertise in retail, leisure, consumer goods, media, technology and business services, so you will work with thought-leaders and leading companies across sectors. As a result, over the last 30 years, we have grown to become a global strategy consultancy with 14 offices in 9 countries, serving leading companies and private equity houses around the world.

Training: From your first day, you will find yourself an integral member of one of our project teams with real responsibility to drive the answer and understand the 'so what?' of diverse market data, structural trends and competitive environments. Although project work is the most valuable training, we also provide a structured programme, ranging from strategic business analysis and corporate finance to presentation skills. Formal training also includes our annual International Training Week.

Graduate recruitment:
Vacancies: We are looking for graduates and postgraduates with outstanding analytic minds and eclectic interests.
Recruitment criteria: Any discipline min 2.1 and a minimum of two A grades (or equivalent) at A-Level. We look for extra-curricular activities that demonstrate commitment, initiative, strong teamwork and communication skills.

Prophet
Strategic growth consultancy
www.prophet.com

Hicks Room

Prophet is a strategic consultancy that helps clients by focusing on three primary areas: creating relevant brands and customer experiences; driving accelerated growth strategies; and leveraging digital as a transformative force. By fusing insight, strategy, creativity, and a pragmatic approach, we help our clients find better ways to grow. What makes us different is our ability to uncover the underlying needs and motivations of customers and translate those insights into better ideas.

You'll be joining our unique team of thinkers, makers, and doers, working within a client team with direct client access, in a collaborative, multidisciplinary way.

Training: As a Summer Associate, you will gain an understanding of how clients make strategic decisions that will impact the future of their brands and company. You'll also get the opportunity to learn about consulting methodologies, specific market research tools, and many other frameworks that contribute to our areas of expertise. Our Summer Associates get actively involved with client work, and are trained in brand strategy, marketing strategy, innovation and design.

Internship programme/work experience:
- **Opportunities:** 10-week Summer Associates roles for penultimate year students.
- **Application process:** For intern opportunities in our European offices, email a CV to: recruiting-EU@prophet.com with the subject line 'Associate Intern ref: CBAS18'.

The Information Lab
Training Provider
www.theinformationlab.co.uk
Hicks Room

Over the last five years, the team at The Information Lab has trained thousands of people to use Tableau and Alteryx. Our team includes 16 Tableau certified trainers, three Tableau Zen Masters and one Alteryx Ace. Whilst we’ve been developing this training capability, we have watched Tableau and Alteryx achieve spectacular growth - Tableau had less than 100 staff globally when we first partnered with them and today they have over 2000. As a partner of both Tableau and Alteryx, a key role is to help ensure this momentum continues. The Information Lab is playing a part in this by using our training experience to create the next generation of great data analysts.

Training: We provide four months of focussed training from some of the best trainers in the world, led by our head coach Andy Kriebel, in order to give students a deep understanding of how to store, manage, prepare and visualise data. Once trained, graduates of the Data School are available for industry placements at clients using Tableau & Alteryx. A new class of consultants are available each February, June and October.

Graduate recruitment:

Vacancies: Data Analyst/ BI Analyst/ Consulting Analyst: Big Data, Tableau, Alteryx. £30k per annum (and rising during fixed term contract). 2 year fixed Term Training contract.

Applications assessed continuously.

Expected hiring offices: London

Contact: Andy Kriebel

TNEI Services Ltd
Specialist energy and environmental consultancy
www.tnei.co.uk
Cormack Room

TNEI is an independent specialist energy consultancy providing technical, strategic, environmental and consenting advice to organisations operating within the conventional and renewable energy sectors. We have a range of skills tailored specifically to answer the issues associated with increased distributed renewable generation and the integration of low carbon technology. Our consultants have industry leading expertise in grid code compliance studies, noise assessment and modelling of innovative, smart grid technologies. These skills are complemented by a number of other technical services; from GIS and consenting, to civil engineering and energy market analysis, allowing us to confidently guide clients through projects from concept to delivery.

Graduate recruitment:

Vacancies: TNEI is looking to recruit bright and driven graduates, PhD graduates or candidates with up to 2 year’s post graduate professional experience, specifically to work on a diverse range of strategic, regulatory and technical consultancy projects focussing on the energy industry.

Recruitment criteria: You should have a strong degree in engineering, maths, physics or economics and excellent skills in understanding and communicating conceptual or complex issues.

Application process: CV and cover letter, explaining why they would be suitable to maria.smith@tneigroup.com

Opening date: 1 November 2017
Closing date: 31 January 2018
Expected hiring offices: Manchester, Newcastle, Glasgow

Internship programme/work experience:

Opportunities: Summer placement opportunities for students, where we can match them up with suitable short term projects.

Application process: CV and a cover letter, explaining why they would be suitable to maria.smith@tneigroup.com.

Opening date: 01 February 2018
Closing date: 30 April 2018

TWS Partners AG
Game theory and industrial economics consultancy
Hicks Room
TWS Partners is the only company globally which is exclusively and successfully using Nobel Prize-winning research in the field of game theory to improve business performance. As specialists in large complex sourcing projects and negotiations, our team of more than 60 experts systematically achieves above average results and sustainable competitive advantage for our clients. TWS Partners has already successfully implemented over 2,000 projects, working with market leading organisations in Europe and internationally within the automotive and transportation, high-tech and telecommunication, pharmaceutical, chemicals and consumer goods industries, with a total spend of more than 200 billion Euros.

Training: After an intense onboarding programme, you will continuously develop your skill set through a series of internal and external trainings. As your experience grows, you will quickly gain more and more responsibility within the project team. We subsequently offer leadership training on your way to becoming a Project Manager. During this process, you will have a mentor at your side who supports you in all areas.

Graduate recruitment:
- Vacancies: To ensure we stay ahead of the game, we are looking for Consultants for strategy consulting and game theory for our offices in London and Munich.

Recruitment criteria: Economics and other numerate disciplines.

Application process:
- Please submit your application, including CV and cover letter, to jobs@tws-partners.com.
- Applications assessed continuously.

Expected hiring offices: London and Munich

## White Space Strategy

### www.whitespacestrategy.com

**Main Hall**

White Space is a strategy consulting firm with a completely fresh outlook on business and relationships. We uncover and analyse market information unobtainable anywhere else and harness it to drive strategy. We exist to help clients solve complex problems with the minimum of fuss. White Space is a dynamic, exciting company within which to build a career. Analysts are offered early exposure to challenging client work, real responsibility, and excellent progression. Life here is varied and demanding but, above all fun and rewarding. We're proud of our positive office atmosphere and refreshing, straight-talking approach. We've earned the trust of our clients, the enthusiasm of our staff and the right to think of ourselves as a uniquely different kind of firm!

**Training:** An intensive initial induction training period introduces graduates to the key skills that Analysts use on a day-to-day basis. These include data analysis, telephone and desktop research, strategic thinking and presentation writing. You will work alongside other intelligent, motivated and sociable team members who will guide and support you as you apply your skills to diverse, interesting and inspiring commercial issues.

**Graduate recruitment:**
- **Vacancies:** 3 Business Analyst roles for graduates and postgraduates.
- **Recruitment criteria:** Any discipline (min 2.1). Successful candidates will enjoy solving complex problems. Business experience is not essential, but good communication skills and the ability to work to deadlines are key. Confidence with numbers is highly desirable.
- **Application process:** CV and cover letter, telephone interview and assessment day.
- **Opening date:** Immediate
- **Closing date:** 17 November 2017
- **Expected hiring offices:** Oxford

**Internship programme/work experience:**
- **Opportunities:** 4 internships, July to September, for penultimate year undergraduates.
- **Application process:** CV and cover letter, telephone interview and assessment day.
- **Opening date:** Immediate
- **Closing date:** 26 January 2018
- **Opportunities for first years:** None

Mansfield Advisors
Strategy Consultancy
Hicks Room
Mansfield Advisors is a high-end strategy consultancy boutique focused on corporate strategy definition for leading firms and due-diligence analysis for Private Equity funds. Our partners combine a mix of top-tier consulting experience with the business sense of corporate executive management and entrepreneurship. We strive in complex cases, where our unique set of skills and competencies can bring an edge to the table. In specific, our healthcare practice is one of the most reputed and experienced in London, having supported our clients to complete more than 3bn GBP in deals since 2000. Additionally, we are developing our digital and business-to-consumer practice to create an edge for top firms throughout their value chain, implementing successful bricks-with-clicks strategies.

Training: We have structured weekly training sessions. Unlike larger firms, even the most junior of analysts has direct daily contact with partners, meaning that analysts’ apprenticeships are with masters.

Graduate recruitment:
Vacancies: We are looking for 2 undergraduates or graduates to join us at the analyst level following an internship period.
Recruitment criteria: Minimum 2.1; for our healthcare practice, we favour the quantitative sciences (physics, engineering, chemistry, biological sciences). Qualified doctors and vets will have an accelerated progression.
Good written and oral communication skills are a must.
Application process: Please send a one page CV and cover letter to victor.chua@mansfieldadvisors.com
There will be a 2-stage interview including case studies.
Opening date: 28 September 2017; Applications assessed continuously.
Closing date: 31 December 2017
Expected hiring offices: London
