BANKING & FINANCE FAIR 2022

**CAREERS
SERVICE**

Welcome!

The **Banking & Finance** Fair offers Cambridge students, researchers and alumni the opportunity to explore the variety of different career options in the banking and finance sector.

Whether you are in the exploratory stages or know precisely what you want from your future career, this fair allows you to meet a range of recruiters, keen to attract Cambridge students and graduates to their teams. You will develop insights into and compare different company cultures, working practices and career paths to discover your best fit. In this brochure, you'll find an overview of the organisations attending the **Virtual Careers fair** (Monday 10 October 13:00 – 15:00), and the **In-Person Careers Fair** (Tuesday 11 October 13:00 – 17:00). Attending both events presents the greatest opportunity to meet with the widest range of organisations and offers different formats to suit your needs.

To speak 1:1 with an employer or to attend a group presentation, don't forget to sign up for the Virtual Fair sessions after registering.

BURNSTEIN AUTONOMOUS

Bernstein is widely recognized as Wall Street's premier sell-side research and brokerage firm, with a global equity trading platform that spans the U.S., Europe, and Asia. Our firm was founded in the U.S. in 1967 and in the U.K. in 1999. We began operations in Hong Kong in 2010, and in Mumbai in 2019, and now cover a range of sectors across Asia. Our research and trading capabilities are sought out by leading investment managers around the world, and we are annually ranked at the top of our industry by acknowledged arbiters. In independent surveys of major institutional clients, Bernstein's research is ranked #1 for overall quality, industry knowledge, most trusted, best detailed financial analysis, major company studies, most useful valuation frameworks and best original research.

In April 2019 we acquired Autonomous Research, a highly regarded global financial services independent research firm. The combination of Bernstein and Autonomous solidifies our standing as the largest global independent research firm, and further positions us as the preeminent provider of the highest-quality independent research to our clients worldwide.

Research has always been Bernstein's calling card. The brand is defined by our renowned Blackbooks, known for their unbiased, in-depth company and industry forecasts. We have a community of Research Analysts who are acknowledged thought leaders that typically have many years of experience in the industries they cover. Our reputation is for the very highest caliber of independent and disciplined investment and industry analysis. We are a wholly-owned subsidiary of our buy-side parent, AB

FLOW TRADERS

Offices: Amsterdam (headquarters), New York, Singapore, Hong Kong, London, Milan, Paris and Cluj

Flow Traders is a principal trading firm founded in 2004. We are a leading global technology-enabled liquidity provider, specialized in Exchange Traded Products (ETPs). Flow Traders is at the intersection of finance, cutting-edge technology and scientific research. We are able to grow our organization further, thereby ensuring that our trading desks in Europe, the Americas and Asia provide liquidity across all major exchanges, globally, 24 hours a day. Financial markets have rapidly shifted from trading in the pit to algorithmic trading, and our business model has made us an entrepreneurial and competitive firm in the FinTech space. We use our principal technology platform to quote bid and ask prices in thousands of ETP listings. We are also active in other asset classes such as bonds, FX, cryptocurrencies and similar financial products. On top of that, we provide liquidity to institutional counterparties off-exchange across all regions!

Flow Traders stays ahead of the competition by focusing on technology and niche competencies in markets where every second counts. This requires access to the best information and the ability to respond instantly. To achieve this, our team of software developers works in partnership with experienced traders to identify and execute tomorrow's strategies, making Flow a daily pioneer in professional trading. GAIN - GIRLS ARE INVESTORS

A career in investing is both exciting and rewarding. GAIN is here to inspire girls to get into the industry through inspirational talks, career support and opportunities. GAIN is a community of investors, with charitable status, set to change the staggering lack of gender diversity in investment management, from the ground up. In the UK, women represent just 8% of decision makers in investment management. Firstly, young women don't understand what investing means and why it's important to society. Secondly, there aren't enough female role models in investing – and if you can't see her, you can't be her. We inform young women with resources, opportunities and programmes bringing helpful information on careers in investment to their fingertips. We inspire young women with a strong network of female role models, who speak in high schools and universities around the UK and feature on our online channels, delivering compelling and high-impact messages on the many benefits of investing as a career. We run 3 programmes for female and non-binary students to give them the skills and experience to help them enter the investment management industry.

HUDSON RIVER TRADING

Hudson River Trading brings a scientific approach to trading financial products. We have built one of the world's most sophisticated computing environments for research and development. Our researchers are at the forefront of innovation in the world of algorithmic trading.

At HRT we come from all sorts of backgrounds: mathematics, computer science, statistics, physics, and engineering. We're a community of self-starters, motivated by the excitement of being at the cutting edge of automated trading. We're friends and colleagues, whether we are sharing a meal, playing the latest board game, or writing elegant code. We embrace a culture of togetherness that extends far beyond the walls of our office.

JANE STREET

Jane Street works differently. We are a quantitative trading firm active on more than 200 trading venues across 45 countries. As a liquidity provider and market maker, we help form the backbone of global markets. Our approach is rooted in technology and rigorous quantitative analysis, but our success is driven by our people.

Our bright, beautiful offices in the heart of New York, London, Hong Kong, and Amsterdam are open and buzzing with conversation. We come from many backgrounds and encourage travel between offices to share perspectives. Some of our best ideas come from bumping into a colleague at the office coffee bar.

Markets move fast. Staying competitive as we've grown has required constant invention—of new trading strategies, technology, and processes. We've found this is easier when you hire humble, kind people. They tend to help each other, and prioritize teamwork over titles.

We invest heavily in teaching and training. There's a library and a classroom in every office, because deepening your understanding of something is considered real work. Guest lectures, classes, and conferences round out the intellectual exchanges that happen every day.

People grow into long careers at Jane Street because there are always new and interesting problems to solve, systems to build, and theories to test. More than twenty years after our founding, it still feels like we're just getting started.

LENDABLE

Finance is one of the last great stale service industries, and customers are suffering for it. Lendable is building a modern financial institution from scratch using technology, data science and attitude!

Our first product is offering personal loans. We have built the world's fastest consumer lending platform, powered by real-time, automated credit decisions and continuous risk pricing. How fast? Our relentless drive to automate and improve processes allows customers to apply for and receive their loan in well under 10 minutes on average (instead of days or weeks). We have learnt from this experience and just launched our credit cards and vehicle financing in the last 2 years to even greater success, with other products in the works!

We are well-funded, profitable, and one of the fastest growing businesses in the UK. We are a focused team of 60 individuals with founders previously at Goldman Sachs, Rocket Internet and BCG, with 2 featured in Forbes' 30 under 30 list. We are backed by several leading investors, reached 6 in the Tech Track 100 and have been voted as the 3rd hottest startup to work for in London. We have a unique culture: we give talented and curious individuals the opportunity to stretch themselves and work in an environment that encourages personal development.
